Rock County Wellness Study organizing

Janesville League of Women Voters approved a «Rock County Wellness Study» at the 2014 Annual Membership Meeting. We will be looking at various issues surrounding the state of health in Rock County, and where League advocacy might promote policy and support for better health outcomes in our county. Our first issue will be Mental-health related issues, including substance abuse and access to treatment. If you

are interested in this study please contact Mary Buelow or Christy Marsden. Whether you are interested in participating a little bit or a lot, we would love your input!
